Instructions for the submission of entries

1. Introduction

The *Cambridge Guide to Making Entries* contains instructions for the submission of all General Qualification exams for the November 2021 exam series. This document should be read in conjunction with the November 2021 exam timetable to ensure that any timetable clashes are detected as early as possible.

The qualifications that are covered by this document are:

- Cambridge International Ordinary Level (O Level)
- Cambridge International Advanced Level (A Level)

2. Syllabus information

Syllabus information, including syllabus numbers, entry option codes and prohibited combinations, is contained in the syllabus lists provided with these instructions.

Candidates are not permitted to enter for the same syllabus code at two different centres in the same exam series.

3. Methods of entry

Centres should submit entries as instructed by the Mauritius Examinations Syndicate.

Centres are reminded of the importance of submitting accurate entry data. The materials supplied to centres after the receipt of entries, including such items as question papers, coursework/internally-assessed mark sheets and attendance registers, are dependent upon those entries, as is the subsequent processing of candidates' marks, grades and certificates.

4. Final date for the receipt of entries

| Exam Series/ Qualification | November |
|--|-----------|
| Cambridge International O Level Cambridge International A Level | 16 August |

Centres should submit their entries as soon as possible. **Entries received after the above date will be subject to late entry fees.**

5. Private candidates

Cambridge International exams are designed primarily for candidates who follow courses of study at schools and colleges that act as registered centres. It is recognised, however, that there are candidates who may not attend schools or colleges but who may wish to enter for the exams. Such individuals are referred to as private candidates and their status is indicated by entering the letter 'P' in the appropriate column on the entry form.

Individuals who have been entered as private candidates are identified separately in summaries of the centre's results. Statements of results and certificates will be sent to the centre.

6. Candidate numbering

Centres must allocate a candidate number to each candidate. For each candidate a unique number within the range 1 to 9999 must be used. Candidate numbers need not be consecutive but must be listed in ascending numerical order. All subsequent lists of candidates provided by Cambridge International will be in candidate number order.

7. Entry details

Please complete the entry form according to the following instructions that are numbered **1-19** to correspond with column numbers or boxes on the entry form.

9. Entry amendments

Amendments for all entries must be submitted on the Candidate Entry Amendment Form (see page 21). This form is to be printed/photocopied as required.

10. Entry exclusions

Candidates may not enter in any one exam series:

- subjects with identical titles at the same qualification level,
- any combination of subjects or papers indicated by the subject syllabuses.

Oral and practical assessment will be carried out in appropriate subjects. In addition, centres may offer coursework (school-based assessment) in most subjects provided that Cambridge International is satisfied that suitable and reliable moderation can be achieved.

11. Cambridge International AS & A Level – Compensatory AS Level

Some candidates who have entered for an A Level in a subject will be awarded an AS result rather than an A Level result. This is because their performance, while not meeting the standards of the A Level exam, successfully meets those required for the AS Level.

Candidates who have failed to reach the required standard in the A Level exam but who would have passed at AS Level will receive a Statement of Results which shows the AS performance, graded a(a)-e(e), providing a clear indication of their achievement.

Please note that compensatory AS results are not available for all subjects, as there are a few that are not available at AS Level.

Not all exam boards adopt this practice. This service to candidates is part of Cambridge International's commitment to ensuring accurate and reliable results which fully recognise the nature of a candidate's achievement.

12. Entering for an Exam: A Notice to Candidates

Before your school submits its entries to Cambridge International, you will be asked to check your entry and confirm that it is correct.

You must pay particular attention to the following points:

A Are your first forename and family name correctly spelt? Are the initials of your other forenames correctly shown? This is important, because certificates show the names given on the entry form. Centre and candidate details including the spelling of name and date of birth must be checked when Statements of Entry (and Statements of Result) are issued. Any inaccuracies must be reported to Cambridge International immediately upon discovery and prior to the issue of certificates. A fee will be charged for issuing a replacement certificate due to incorrect candidate and/or centre details. This service is available only within 18 months of the date of issue of the original certificate.

B Are your date of birth and your sex correctly shown?

C Have you been entered for all the syllabuses you are taking and for the correct components within each syllabus? You should pay particular attention to your entry for syllabuses where there are alternative syllabuses.

D Is the total number of syllabuses you are taking correctly shown?

You must realise that in checking and signing for your entry, you are taking responsibility for its accuracy. You will not be permitted to make changes later.

A copy of this notice should be displayed where candidates can read it, or it should otherwise be brought to their attention before they check their entries.
