Instructions for the submission of entries

1. Introduction

The *Cambridge Guide to Making Entries* contains instructions for the submission of all General Qualification exams for the June 2022 exam series. This document should be read in conjunction with the June 2022 exam timetable to ensure that any timetable clashes are detected as early as possible.

The qualifications that are covered by this document are:

- Cambridge International Ordinary Level (O Level)
- Cambridge International Advanced Level (A Level)

2. Syllabus information

Syllabus information, including syllabus numbers, entry option codes and prohibited combinations, is contained in the syllabus lists provided with these instructions.

Candidates are not permitted to enter for the same syllabus code at two centres in the same exam series.

3. Carry forward options

Some syllabuses allow candidates to carry forward their coursework marks from a previous series. For the June 2022 series candidates may only carry forward marks achieved in the June 2021 series. When entering for a carry forward option you must ensure the candidate has a relevant mark from the June 2021 series.

4. Methods of entry

Centres should submit entries using the MES online entry system. These will be processed and transferred to Cambridge International.

Centres are reminded of the importance of submitting accurate entry data. The materials supplied to centres after the receipt of entries, including such items as question papers, coursework/internally-assessed mark sheets and attendance registers, are dependent upon those entries, as is the subsequent processing of candidates' marks, grades and certificates.

5. Final date for the receipt of entries

5.1. Mauritius Examinations Syndicate entry deadline

The Mauritius Examinations Syndicate (MES) will communicate their entry deadline for schools. This date will be set earlier than the Cambridge International entry deadline to ensure that the Final Entry Deadline is not missed. Centres should submit their entries to MES as soon as possible.

5.2. Cambridge International Final Entry deadline

June	CI Entry Deadline	Amendments finalised	Late Entry Deadline
Cambridge International O Level Cambridge International A Level Cambridge IGCSE	30 th December	13 th January	18 th March

Entries received after 13th January 2022 will be subject to late entry fees. Entries received after 18th March 2022 will be subject to very late entry fees.

6. Private candidates

Cambridge International exams are designed primarily for candidates who follow courses of study at schools and colleges that act as registered centres. It is recognised, however, that there are candidates who may not attend schools or colleges but who may wish to enter for the exams. Such individuals are referred to as private candidates and their status as a private candidate should be indicated when making their entry.

Individuals who have been entered as private candidates are identified separately in summaries of the centre's results. Statements of results and certificates will be sent to the centre.

7. Candidate numbering

Centres must allocate a candidate number to each candidate. For each candidate a unique number within the range 1 to 9999 must be used. Candidate numbers need not be consecutive but must be listed in ascending numerical order. All subsequent lists of candidates provided by Cambridge International will be in candidate number order.

8. Entry amendments

Entry amendments must be made to MES who will provide the details to Cambridge International using the Entry Amendment Spreadsheet.

9. Entry exclusions

Candidates may not take in any one exam series:

- subjects with identical titles at the same qualification level,
- more than one of the alternatives in any subject except where specified in the Syllabuses,
- any combination of subjects or papers forbidden by the subject syllabuses.

10. Cambridge International AS & A Level – Compensatory AS Level

Some candidates who have entered for an A Level in a subject will be awarded an AS result rather than an A Level result. This is because their performance, while not meeting the standards of the A Level exam, successfully meets those required for the AS Level.

Candidates who have failed to reach the required standard in the A Level exam but who would have passed at AS Level exam will receive a Statement of Results which shows the AS performance, graded a(a)-e(e), providing a clear indication of their achievement.

Please note that compensatory AS results are not available for all subjects, as there are a few that are not available at AS Level.

Not all exam boards adopt this practice. This service to candidates is part of Cambridge International's commitment to ensuring accurate and reliable results which fully recognise the nature of a candidate's achievement.

11. Entering for an Exam: A Notice to Candidates

Before your school submits its entries, you will be asked to check your entry and confirm that it is correct.

You must pay particular attention to the following points:

A Are your forename and family name correctly spelt? Are the initials of your other forenames correctly shown? This is most important as certificates will display the names given on the entry form.

Centre and candidate details, including the spelling of name and date of birth, must be checked when online Statements of Entry (and Statements of Results) are issued on CI Direct. Any inaccuracies must be reported to Cambridge International immediately upon discovery and prior to the issue of hard-copy Statements of Results and Certificates. A fee will be charged for issuing a replacement Certificate due to incorrect candidate and/or centre details.

This service is available only within 18 months of the date of issue of the original Certificate. After this time, a Certifying Statement can be issued to replace a Certificate.

B Are your date of birth and your gender correctly shown?

C Have you been entered for all the syllabuses you are taking and for the correct components within each syllabus? You should pay particular attention to your entry for syllabuses where there are alternative syllabuses with the same or a similar title.

D Is the total number of syllabuses you are taking correctly shown?

You must accept that in submitting your entry, you are taking responsibility for its accuracy. Changes made after the entry deadline will be subject to an additional fee.

A copy of this notice should be displayed where candidates can read it, or it should otherwise be brought to their attention before they check their entries.

The HSC can only be taken during one exam series and candidates are not allowed to carry forward syllabus grades they may have obtained in previous series.

Candidates will not be required to identify that they wish to enter for the HSC Group Award. In the course of processing entries, Cambridge will identify any school candidates that meet the HSC entry criteria and will enter those candidates for the Higher School Certificate Group Award.

14. Entry Criteria for the Higher School Certificate Professional (HSC Pro)

The HSC Pro is only available in the June examination series and to centres in Mauritius only. The HSC Pro is not available to private candidates even if they fulfil the entry criteria.

The AS Level and A Level subjects contributing to the HSC Pro can only be taken in one exam series and candidates are not allowed to carry forward syllabus grades they may have obtained in previous series. If a candidate wishes to re-enter for the HSC Pro in a subsequent year, they must re-sit all of their AS Level and A Level syllabuses as a School candidate. However, the Cambridge Advanced Professional in IT and Work Placement results achieved can be carried forward to the following year.

Candidates will not be required to identify that they wish to enter for the HSC Pro Group Award. In the course of processing entries, Cambridge International will identify any school candidates that meet the HSC Pro entry criteria and will enter those candidates for the Higher School Certificate Professional Group Award.

16. Entry criteria for the Higher School Certificate (HSC) for candidates who fail to complete all compulsory elements of the Higher School Certificate Professional (HSC Pro)

16.1. Introduction

In some circumstances a candidate who fails to complete all compulsory elements of the HSC Pro may have a valid combination of syllabus entries and results to qualify for the HSC Group Award.

The HSC Group Award is based on the amalgamation of General Certificate of Education Advanced Subsidiary and Advanced Level subjects. AS Level Global Perspectives can count towards the HSC in place of AS Level English General Paper. The Cambridge Advanced Professional in IT can count towards the HSC in place of one A Level subject.

The AS Level and A Level subjects contributing to the HSC can only be taken in one exam series and candidates are not allowed to carry forward syllabus grades they may have obtained in previous series. If a candidate wishes to re-enter for the HSC in a subsequent year, they must re-sit all of their AS Level and A Level syllabuses as a School candidate. However, the Cambridge Advanced Professional in IT results achieved can be carried forward to the following year. The HSC is only available in the June examination series and to centres in Mauritius only. The HSC is not available to private candidates even if they fulfil the entry criteria.

16.2. Changing a Group Award entry from HSC Pro to HSC

If a candidate wishes to change their Group Award entry from HSC Pro to HSC, an entry amendment needs to be made to withdraw the entry for 8800 Work Placement. This will indicate that the candidate now wishes to be considered for the HSC Group Award.

Candidates will not be required to identify that they wish to enter for the HSC Group Award. While processing entries, Cambridge will identify any school candidates that meet the HSC entry criteria and will enter those candidates for the HSC Group Award.
